Our A Midsummer Night's Dream afternoon tea is inspired by the characters' journeys in Shakespeare's great romantic comedy; from the apricots that Titania feeds to Bottom and the mulberries on the lovers' tree, to the 'nodding violets' that grow upon Oberon's secluded bank. Dainty wild mushrooms and evocative floral flavours such as rose and elderflower are woven throughout the menu and help to set the scene of the enchanted woodland where the story takes place.

A Midsummer Night's Dream afternoon tea is served on bespoke crockery which reflects the themes of the play, specially designed by Annika Wester.
